SUBJECT : COVID VACCINE REGISTRATION IN RESPECTIVE LOCAL GOVERNMENT UNITS OF EMPLOYEES

In view of the current state that we are still facing, the Management would like to address again its utmost concern for the health and wellness of all its employees. We hope that everyone are fully aware that the currently available vaccines in the country are the best protection we could have today against the COVID-19 virus.

Hence, the Management is encouraging all employees to register for vaccination at their respective local government at the earliest time possible considering that we are part of the A4 PRIORITY GROUP or the frontline personnel in essential sectors, including uniformed personnel.

Further, we ask for your full cooperation on this matter in order to attain the herd immunity within our office up to August 15, 2021.

We shall take responsibility on our own safety as well as for our family, friends, and co-workers, and be accountable for this social responsibility and duty.

For your immediate compliance.
